Statement - Anti-slip Classification according to DIN 51130

Product:

4-GL3C-11611 Ri-Jet Floor Talker All1Layer M200 White Matt Rem - R10

This statement specifies the anti-slip classification of the abovementioned product, based on information obtained through testing carried out on this reference, or on a product deemed equivalent for this purpose, according to the following standards:

- DIN 51130:2014 - Testing of floor coverings - Determination of the anti-slip property - Workrooms and work areas with risk of slipping - Walking method - Ramp Test
(excluding paragraph 6 "Measurement of displacement space", not relevant for this product category)

Test results and classification of the product:

Result (corrected total mean)	12.4°
Rating	R10

Further information:

R rating category	Category static friction	Angle of inclination
R9	Low	6° to 10°
R10	Normal	10° to 19°
R11	Above Average	19° to 27°
R12	High	27° to 25°
R13	Very High	> 35°

Notes on the end use: R9 flooring is suggested in workrooms and areas without a high risk of slipping. R10 to R13 flooring in workrooms and areas where there is an increased risk of slipping, for example due to grease, oil, water, or dust.
